The Chair is taken by the Director, Prof. Francesca D'Olimpio, while the role of secretary is taken by the PhD Program Coordinator, Prof. Gabriella Santangelo.

At 10:00 a.m., the Chair opens the proceedings by sending an email reporting the following points of the day and asking individual members to express a favourable or unfavourable opinion on each point.

1. Review and update of the educational and research project for Cycle 39

As regard the first point, the list of courses and seminars planned for PhD for cycle 39 is shared through documentation (appendix 1).

The Advisory Board unanimously approves the PhD program for cycle 39.

2. Review and update of the educational and research project for Cycle 40

As regard the second point, the list of courses and seminars planned for PhD for cycle 40 is shared through documentation (appendix 2).

The Advisory Board unanimously approves the PhD program for cycle 40.

3. Examination of the proposed educational and research project for Cycle 41

As regard the third point, the list of courses and seminars planned for PhD for cycle 41 is shared through documentation (appendix 3). Moreover, a document with proposals for improvement and expansion of the PhD program is discussed (appendix 4). The main recommendations are:

- **Potenziamento delle Competenze Metodologiche e Computazionali:** Introduction of a structured path of "Computational Neuroscience and Advanced Data Analysis".
- **Sviluppo di un Programma "From Bench to Bedside and Back":** Creation of a program to bridge the gap between basic research and its clinical applications.
- **Implementazione di un Programma di Sviluppo Professionale e di Carriera:** Implementation of a "Professional Development Program" to provide PhD students with soft skills and greater awareness of different career prospects.

The Advisory Board unanimously approves the PhD program for cycle 41 and the proposal for improvements and expansion of the PhD program.

4. Any other business

As regard the last point, the list of international seminars is shared through documentation (appendix 5).

The Advisory Board, with all members present, unanimously approves the list of international seminars.

The session ends at 8:00 p.m.

The PhD Coordinator Prof. Gabriella Santangelo

Head of Department Prof. Francesca D'Olimpio
